## SENATOR SHORTRIDGE AIDS IN CALIFORNIA EMBARGO AMELIORATION

What has been termed in Washington Secretary Wallace's $30,000,000 letter that saved California from losing many of its markets for agricultural products is given below. It is the letter obtained by Senator Shortridge and the members of the House California delegation, that was broadcast to every state in the Union advising hysterical state officials that embargoes against California soil products were utterly useless.

At the time the letter was prepared fresh embargoes against California were being telegraphed to Washington daily and the growers of California were threatened with the greatest loss in their history Little by little their markets were being withdrawn either by flat embargoes or else by senseless restrictions that were devised in ignorance and fear.

This was the situation when a California delegation headed by C. C. Teague of Santa Paula arrived in Washington and called on Senator Shortridge. The senator had theretofore co-operated with the Department of Agriculture in the obtaining of $2,500,000 emergency funds with which to reimburse the owners of slaughtered herds and in the dispatching to California of scores of trained Federal inspectors. After a brief conference with the Californians Shortridge called a meeting of the entire delegation. At this meeting a campaign of education was mapped out to counteract the growing hysteria throughout the country to shut off California from the rest of the states.

Senator Shortridge was delegated to confer with Secretary Wallace over the method to be adopted with the result that the following letter was prepared. It was forwarded to every agricultural paper in the United States, every governor, every state agricultural commissioner, and to many marketing agencies.

The effect was immediate and almost miraculous. Embargoes that were threatening were not adopted, the stream of telegrams announcing new embargoes ended and in their place came others announcing the withdrawal of embargoes previously drawn. That this letter saved Californians many millions cannot be denied. Just how many is impossible to calculate, accurately, but conservative estimators place the sum at $30,000,000.

Those participating in the caucus here called by Senator Shortridge to formulate the educational campaign were: Congressman Limeberger, Fredericks, Raker, Lea, Free, Curry, MacLaffety and Barbour with C. C. Teague of Santa Paula; Fred W. Kiesel, Sacramento; Allen T. Spencer, San Francisco; Sam Green, San Francisco; J. F. Sartori, Los Angeles; John L. Uagle, Sacramento; State Bank Superintendent J. F. Johnson and his attorney, James M. Oliver.

Washington, April 25: The United States Department of Agriculture, at the request of Governor Friend W. Richardson of California, has taken full charge of the campaign to eradicate foot-and-mouth disease which exists in certain parts of that state.

Headquarters have been established at Sacramento with Dr. U. G. Houck, of the Federal Bureau of Animal Industry, in charge of both federal and state forces. All infected areas have been placed under federal quarantine which will be extended or modified as conditions may warrant The regulations in effect cover the kinds of animals and commodities that are likely to carry the infection of this disease, and all movements from infected premises are absolutely prohibited. The federal government will define the areas from which fresh fruits, vegetables and similiar products of the soil may be shipped and federal permits showing non-exposure of such products will be issued from safe areas when shipments are destined to states requiring such permits.

It is believed that these measures afford protection on all such products moving from California in interstate commerce. With the federal government in complete charge, there is no necessity of states setting up embargoes or quarantines on this class of commodites. The government has had experience in handling similar epizootics. Foot-and-mouth disease was prevalent in 22 states and the District of Columbia in 1914-15 and was continuously in various countries of continental Europe for many years. No quarantines have heretofore been promulgated on fresh friuts, vegetables and similar products from infected states or from Europe if not packed in hay, straw or similar litter.

Some state embargoes unnessarily interfere with the movement of these products in inter-state commerce and cause great loss to producers, dealers, and consumers. The federal government is exercising every care which past experience has shown to be necessary to check the spread of this disease.

Approved:

(Signed) HENRY C. WALLACE, Secretary

(Signed) J. R. MOHLER, Chief, Bureau Animal Industry.

**IT PAYS TO ADVERTISE**

A few weeks ago, A. W. Grimmenstein, one of our local electrical dealers and a consistent advertiser, had a sale of curling irons. He advertised the fact in the Times-Gazette. Did he get results? We'll say he did. More curling irons were sold on the first day after the advertisement was printed than had been sold by the store in the last two years. Before the sale had run its course crate after crate of the little implements, so necessary to obtain that fashionable frowsy appearance, had been disposed of. Needless to say, Mr. Grimmenstein is more firmly than ever before sold on Times-Gazette advertising. "It sure pays to advertise," he said as he paused for breath after opening the steenth crate of irons.

## LOCAL S. P. DEPOT WILL BE REMODELED

The Southern Pacific station here is to remodeled and enlarged, according to reports current this week, which while without official acknowledgement, are considered trustworthy. According to the report the present station will be enlarged toward the south and will extend almost to where the rail around the garden now is. In the added portion the baggage room will be located and will be on a much larger scale than the present one.

The office of the American Railway Express Company, which is now located on Broadway will be moved and given quarters in the new portion of the station building. The office room of the station will be considerably enlarged and rearranged, and the gentleman's lavoratory will be moved. It is also said that there is a possibility of a new waitling room being added to the station.

It is understood upon authority of officials high in the company that extensive plans are underway for improving the service in Redwood City in many ways. The enlargement of the station building is only one of several measures considered necessary by the company in order to handle the great increase in business forseen as an accompniment of the growth of this district.

ANOTHER

**Wagner Motor**

WE have this week completed the installation of another Wagner Motor in the plant of the TIMES-GAZETTE, the third Wagner Motor we have installed in the office of Redwood City's leading newspaper.

IN the TIMES-GAZETTE as in all other progressive organizations provisions for growth and development must be made. New machinery must be made to take the place of the old and new facilities put at the disposal of the customers.

NEW machinery calls for additional power; and the need for power has been met by our local paper in the most logical and satisfactory manner, by installing Wagner Motors for all purposes. The TIMES-GAZETTE keeps in the lead by getting the best. Remember, they buy WAGNER MOTORS.

## Memorial Thought

IT is with a heightened sense of gratitude and a deepened feeling of reverence that we approach once more the day set aside in secred memory of those who in the past have given freely and unstintingly of their all, that we as a nation might survive.

To this glorious sentiment, which in the hurry of a busy, bustling world we are too prone to pass by without the consideration that is its just due, we ask that every member of the community pause and give a thought to the mighty sacrifice of human love, ambitions, and even life itself, which this Memorial Day commemorates.

And as a part of this community, we join in bowing our heads in silent prayer, that those who have gone before may know that they are not forgotten, but that their deeds of heroic sacrifice are still fresh with those left behind and that ever will we hold in our hearts a chamber sacred to their memory.

## ALL READY NOW FOR FIRE PREVENTION DAY

Tuesday, May 27, is scheduled to be a big day for Redwood City if all we hear is so, in fact Redwood City is about to see the most concentrated observation of "Fire Prevention Day" that has ever cropped out hereabouts. Committees appointed by Fire Chief Ryan are now, and have been for some time, working on a score of ideas, each one worthy of a day itself. The fire department plans to put "Fire Prevention Day" over in Redwood City, and if the citizens of this town do not get some measures of fire caution injected into their blood this year, then the boys of the red wagon are off their track.

The day will start by an address to the students of the Sequoia Union High School at 8:30 o'clock by State Fire Marshall Jay Stevens, who will later address the members of the Kiwanis Club at their regular noon luncheon at the Sequoia Grill. In the evening Chief Murphy of San Francisco and Marshall Stevens will both address an dience in the new high high school auditorium. At this time several reels of motion pictures will be shown. Later a dance will be enjoyed in the school gymnasium furnished by Lamb's orchestra.

The following committees are working on every phase of the subject and something good can confidently be expected:

Dance Committee—P. E. Brand, G. W. McNulty, J. P. Anderson.

Fire Alarm and Telephone— C. L. Collins, E. E. Kreiss, S. D. Wood.

Committee on Platforms for Music—B. L. Werder, F. E. George, E. M. Dearborn.

Moving Pictures—E. J. McAuliffe, A. P. Sahlberg, C. L. Dimmitt.

Music—H. Potts, S. E. Mullen Axel Peterson.

Advertising—J. D. Hedge, R. Bell, J. H. Bailey.

Program—H. A. Beeger, H. A. Clattenburg, F. Haaker.

Decorators to Assist Ladies— E. M. Allen, S. E. Douglass, Con Drathman.

Apparatus—C. E. Choate, H. E. Moore, P. J. Larrecou, Wm. Lutje.

Ushers—F. E. George, C. E. Choate, S. E. Douglass, A. Schlini, P. J. Larrecou, B. Thorpe, R. Bell, A. Peterson, R. C. Holmquist, P. E. Brand, H. A. Beeger, A. S. Liguori.

The will of Mrs. Louise Barriohlet, a former resident of this city who passed away in San Francisco recently, was filed for probate in the Superior court of that city. The will, it is said, disposes of an estate valued at $200,000. The bequests include:

To Mrs. Elizabeth Stairley Bowie, $10,000; trust fund of $44,000 from which the income is to be paid monthly to nephews and nieces; to a sister, Mrs. Louise Allender of Oakland, $25,000; to another sister, Mrs. Rosalie Shipley, $25,000; to the Sisters of St. Regis Convent, New York, $1,000.

Louis Folet, familarly known in Redwood City as "French Louie" passed away in Beresford last Thursday. Folet was employed in the store of Carl Plump here for several years and had also been employed in one of the local tanneries. The man had been in Redwood City for many years, but little is known concerning his place of origin or family.

**HEAVY FINE AND SUSPENDED SENTENCE FOR CONVICTED MENLO PARK BOOTLEGGER**

When Daniel Red, Menlo Park bootlegger, appeared in court last Monday on a charge of selling liquor to a minor, he had a large and enthusiastic audience. Representatives of Parent-Teacher organizations, women's clubs, Stanford University, and other organizations, opposed to the bootlegging fraternity, were on hand to see the arm of justice extended. He had plead guilty to the charge previously and was sentenced to pay a fine of $300 and serve two years in jail. The jail sentence, however, was suspended on the condition that he leave the county for at least five years. On Monday, Red also plead guilty to another charge, the illegal selling of liquor, and asked to be sentenced for that charge at the same time. Judge Buck, however, set the day for sentence at Thursday. Lenience was asked by J. J. Bullock, attorney for the bootlegger, as he said that he had been fined heavily in the justice court of Judge Griffin.

On Thursday, the defendant again appeared in court for sentence and was given a fine of $250. On this count he was given the alternative of spending 125 days in the county bastile. The arrest of the Menlo Park booze vender attracted county wide attention and resulted in a number of communications being sent to county officials asking them to take steps to eradicate the illegal peddler of bootleg.

**TO EMBARK ON SEA OF MATRIMONY TODAY**

Announcement has been made that Joseph Tucker of this city and Miss Ruth McGillivery of San Mateo will be married in Sacramento today. The prospective groom, his mother, and George Dunham of Mountain View, the best man, left this morning and will join the bride's party at San Mateo, from whence they will journey to the Capital city.

The bride is the second daughter of Mr. and Mrs. Harry McGillivery of San Mateo, and a popular leader of the younger set in that city. The groom is the son of Mr. and Mrs. E. Tucker of this city, and is the proprietor of a furniture store on Broadway. Following their marriage the young couple intend to visit for some time at Lake Tahoe. They will make their home here after they return.

**SEQUOIA LOSES TO SANTA CRUZ**

Sequoia Union High School and Santa Cruz High met in a regular inter-school debate Thursday afternoon. Jerome McDonald and John Shortridge upheld the honor of Sequoia, but their opponents from the Beach City proved to be too adept in arguments and were awarded the decision by the unanimous vote of the three judges. Yesterday afternoon Myrle Bashum and Ruth Gardener of Sequoia debated with a team from the William Warren School at Menlo Park.

Miss Esther Torello, third grade teacher in the Lawrence school, and formerly 8th grade teacher in the Redwood City Central school, has been elected mathematics teacher for the Jefferson Union High School at Colma. Miss Torello is a graduate of the University of California. She will begin her work at Colma in August.

**SAN CARLOS FIRE DEPARTMENT TO DANCE TONIGHT**

Local dance followers are to be tendered a rare treat this evening when the San Carlos Fire Department present their hard times dance at the San Carlos auditorium.

Lovers of terpischore have looked forward many weeks with eager anticipation to this event and they will be rewarded by one of the most pretentions efforts ever put forth by a fire department.

The committee has just completed a week of hard work in supplying the finishing touches to the decoratiosn, lighting effects and musical arrangements. Last evening the floor and reception committee announced that their plans for the entertainment of the hundreds of guests expected were fully drawn up and were such as would delight the heart of the most discriminating.

All of the younger set of Redwood City expect to be on hand when the dancing starts at 8:30. A good time assured. Refreshments.

**MRS. CARRIE DHUE DIES IN SAN FRANCISCO**

Word was received here this week of the death in San Francisco of Mrs. Caroline Dhue, a former resident of Redwood City. Mrs. Dhue was the wife of John Dhue, a stone mason, and the daughter of Richard Dhue, a pioneer blacksmith of this vicinity. She was a cousin of the late Pat Murphy of Redwood City and of City Clerk Jack Murphy of San Mateo. The Dhues moved away from Redwood City about sixteen years ago.

**WOODSIDE NEWSY NOTES**

Miss Christine England of San Francisco has been aguest of Mr. and Mrs. Thomas Stewart for several days.

Mrs. Geraldine White of San Francisco has been spending the week with Mrs. John D. Gish.

Dr. J. L. Ross is building a cottage upon his Little Forest farm for the reception of his daughter-in-law, Mrs. Harvey Ross and her son, Alexander, of Honolulu. They expect to arrive from the Islands some time next month and will remain for some time. Alexander will enter Stanford University and, after his academic course there hopes to follow in the professional footsteps of his father and grand-father.

Dr. Bradford Leavitt and family of Pasadena are expected at their summer home here some time in June. The family will remain here for the summer, but Dr Leavitt plans a trip to Europe.

Mr. and Mrs. Albert Meyer have planned to spend their vacation touring through Oregon and Washington.

A very enjoyable lecture was given on Thursday evening at the Woodside church by Sidney Stansell on birds and their habits. A large audience filled the church to listen to the lecture and to view the very interesting lantern slides with which the lecture was illustrated.

Mrs. Bogle gave a birthday party for Edith Norton on Thursday and many of the little girl's school-mates gathered to wish her many happy returns of the day.

Mr. and Mrs. P. D. Jarvis have just returned from a motor trip into Southern California, where Mr. Jarvis was in attendance upon a convention of the I. O. O. F. and Mrs. Jarvis visited with her sister at Venice.

**DID YOU EVER STOP TO THINK**

By E. R. Waite, Secretary Shawnee, Okla., Board of Com.

THAT sales can be increased by advertising. Advertised products enjoy great popularity.

THAT increasing volume keeps down production costs.

THAT "reputation" will make or break any manufacturer—quality goods backed by persistent advertising builds the best of reputation.

THAT by using modern methods of increasing business by newspaper advertising many manufacturers who use it persistently are stepping forward rapidly on the road of Success.

THAT if retailers want to make friends out of their customers they should sell them advertised products.

THAT well-advertised products have the goodwill and demand of the people. Quality and advertising have made them best in the minds of all.

THAT in quality and advertising lies the success of any product. If it is a quality product, advertising will cseate the demand.

YOU HAVE GOT TO SELL THE PEOPLE WHAT YOU HAVE TO SELL IN ORDER TO SELL THEM. NEWSPAPER ADVERTISING IS THE QUICKEST AND BEST WAY.

## NATIVE SONS WILL DEDICATE SCHOOL

Tomorrow is the day set apart by the board of trustees of the Sequoia Union High School district for the dedication of the impressive edifice recently completed to house the activities of the school The dedication will be conducted by the Grand Lodge of the Native Sons of the Golden West, and elaborate plans have been made to make tomorrow one of the greatest days in the history of Redwood City.

Last September the Grand Lodge of Masons of California laid the corner stone of the new high school building Those who were present at the time will recall the condition of the buildings at that time. Few who saw the building in its then unfinished condition dreamed that in so short a time the present beautiful structure would rise, phoenix like, from the tangle of steel and heaps of lumber and rock that they there saw. But today, the Sequoia Union High School District can boast of the finest high school on the peninsula, one of the finest in the state.

An elaborate program has been prepared to be held in the auditorium, which was used for the first time last Friday night, and then a bronze tablet will be laid in the vestibule of the main building. The arrangements are being made by a committee of local citizens, composed of Walter T. Kellogg, A. S. Liguori, D. W. Williams, Henry Beeger, and with James Hedge as chairman. This committee in conjunction with Principal A. C. Argo have arranged an entertainment that should prove of interest to all. The program as announced this week is as follows:

Introductory remarks by Walter T. Kellogg, president of the high school board and chairman of the day.

Prayer, Rev. C. E. Kennedy.

Flag Salute, Audience.

Address of Welcome, Henry A. Beeger, mayor of Redwood City.

"Star Spangled Banner," Miss Gertrude Beeger.

Address, Roy W. Cloud, superintendent of schools, San Mateo county.

Song, Treble Clef Club, Sequoia High School.

Address, Edward J. Lynch, grand president of the Native Sons.

Song, Glee Club, Redwood City grammar school.

Address, Hon. James Bacigalupi of San Jose.

Song, Treble Clef Club, Sequoia High School.

Dedication address, Hon. Fletcher A. Cutler, First Vice-President of the Native Sons.

Dedication by Grand Officers, S. G. W.

Prayer, Rev. R. J. Currie.

"America," audience.

**CONGREGATIONALISTS TO INDUCT REV. R. J. CURRIE**

A large attendance of members and non-members is expected at the Congregational church on Thurday evening, May 29, at which time the induction of Rev. R. J. Currie, new pastor of the church will occur.

The charge to the minister will be delivered by Dr. J. L. Gordon of the First Congregational church of San Francisco, that to the people will be delivered by Dr. J. B. Wilcox, head of the home missionary board of the California conference. The Santa Clara Congregational Association of Ministers and Laymen will be in attendance at this time as will Dr. Minchen, state superintendent; Dr. Miles Fisher of Berkeley; Rev. C. H. Stevens of Lodi; Rev. R. B. Dodge of Palo Alto and Rev. Matthews of San Francisco.

Prior to the induction which will occur at 8 o'clock there will be a meeting of the Eclesiastical Council at 4 o'clock in the afternoon. A general invitation has been extended by the church to all persons in this vicinity to be present at the induction, and hear Dr. Gordon and Dr. Silcox.

## Pioneer Teacher Called to Rest

Word was received here this week of the death in Alameda of Mrs. Bertha C. Bates. Mrs. Bates was well known in Redwood City about 60 years ago. She was the second teacher to be employed here, and taught in the little school house which stood where the fire house now stands. Mrs. Bates came here as a young girl and as Bertha Comstock, made many friends among the people of the then little village. After teaching for some time she married John C. Bates, principal of the school in which she was teaching, and the only other teacher in Redwood City.

Mrs. Bates was a sister of John F. O. Comstock, pioneer chief of the San Francisco Underwirter's Patrol, an organization of which John Ford of this city was a member, and is one of a very few survivos.

The Bates continued to reside here for some time after their marriage, and had five children. They afterwards removed to Alameda, where they have been ever since. J. C. Bates passed away several years ago.

**SUPERVISORS SET JUNE 2 FOR HEARING ON INCORPORATION**

With a number of the proponents and opponents of the incorporation of the cemetery district of the county present, the matter of incorporating the cemeteries into a city of the sixth class was taken up formally by the supervisors last Monday, and June 2 set as the date at which the matter would be considered by the board.

The fact that a similar petition had been filed by Colma, claiming some of the territory included in the cemetery petition, lead to the belief that a hot fight would be waged similar to the one which ended in the incorporation of Atherton. From all appearances, however, it is likely that an amicable settlement will be arrived at by the parties and both places may become incorporated.

When Attorney Hall Ross, attorney for the cemetery petitioners, introduced the petition, asking for the incorporation of the district under the name of Town of Memorial Parks Supervisor Hickey, in whose district the land lays, voiced a strenuous opposition to the name as he said it would be confused with the Memorial Park of the county at Pescadero. Ross suggested that the matter be considered at the hearing on June 2, and hinted that a change of name would not be opposed by those seeking the incorporation.

**REBEKAHS RETURN FROM SOUTHERN MEETING**

Mr. and Mrs. Fred Glennan, Mr. and Mrs. Percy Jarvis and Mr. Geo. Hopkins returned this week from Pasadena, where they had been attending a convention of the Rebekah lodges, and the grand lodge session of the grand lodge of Odd Fellows. All of the local people are enthusiastic about Pasdaena and report having had an enjoyable time.

**LABORER GIVEN 60 DAYS FOR PETIT LARCENY**

Manuel Sanchez, a laborer employed on the construction of the railroad track to the new cement works, was arrested in Sacramento this week and returned to Redwood City where he was wanted on a charge of stealing some money and a gun from the bunk house. Sanchez was tried Thursday by Justice Ray Griffin and found guilty. He was sentenced to a term of 60 days in jail.

By paying close attention to the sometime drab here-present you probably increase your chances for a bright hereafter.

**NOTED WAR SPEAKER HAS BUSY DAY HERE**

Captain Dancey, noted Americanization speaker, and veteran of the late war, put in a busy time here on Thursday, Americanization Day. In the course of the day Captain Dancey address four large audiences in Redwood City, and each time delivered a talk which won the applause of all who heard him.

In the morning the captain addressed the children of the high school at 10 o'clock, and then at noon addressed a meeting of the chamber of commerce and others at a luncheon at the Sequoia Grill. At 6 p. m. Captain Dancey spoke to a meeting of the veterans of the various United States wars at the civic auditorium. The last and largest meeting was in the newly completed auditorium of the new high school, where the captain addressed a full house. At this time Captain Dancey told of his thrilling adventures during his escape from a German prison camp. This story was written for the Saturday Evening Post and attracted nation wide interest at the time.

The whole program Thursday was in the hands of the American Legion, and much credit is due the local organization for the spirit aroused and the interest taken in the day.

## SEVEN YEARS AND THEIR HISTORY

JUST seven years ago tomorrow, May 25, 1917, seven weeks after the declaration of war the first detachment of the American Expeditionary Forces landed at Rouen, France. From that date on for a number of months thousands of men were sent across the Atlantic and in a succession of wonderful drives drove back the German forces and helped to win the greatest war in the history of the world.

Then the men came back as seasoned veterans. Most of them came back. They are now scattered all over the United States. It is marvelous to think how much history has been made in these seven years. Not only was a great war fought and ended, but practically all of the governments of the old world have under gone a change. Absolute monarchies have become republics. Limited monarchies that were virtual aristocracies are now ruled by laboring men, and even in Great Britain where royalty has been wont to rule, a miner will leave his home in Scotland today and will represent the king as the head of the church and state in Scotland, and will live in a castle instead of a cottage for a fortnight.

In the realm of invention, the changes have been just as marked. Music and speeches are hurled through the air without the assistance of anything but waves of some mysterious substance and are caught up in thousands of homes by aid of simply constructed devices, and now we are told that by the use of another simple attachment those who hear the singers or musicians may also be able to see them as they send out their productions on the waves of the air. Six men have flown across the Atlantic ocean in aeroplanes and six more from our own state are just now on a trip around the worll by air. The air has carried currents of electricity to light incandescent lamps at places distant from the source of generation. Truly marvelous things have been done during the past seven years.

As some one remarked not long ago we are better ofl for all that has been accomplished. That should not be the thought, however. It should be "Are we better as a people becuase of all of the things that have transpired during these seven year?"

## LET'S JUST BE GLAD

MY haven't we any number of things to be happy about at this season of the year. The birds are singing every day. The flowers are blooming on every way and Nature's in her fairest mood.

Wilbur D. Nesbit in one of his poems puts our thoughts in this wise.

Let's just be glad for everything!
Be glad for morning and for night,
For sun and stars that laugh with light,
For trees that chuckle in the breeze,
For singing birds and humming bees—
Be one with them, and laugh along
And weave their gladness in your song."

## FIRE PREVENTION

THE local Fire Department has asked the people of this community to observe next Tuesday as Fire Prevention Day. It is the desire of the men who risk their health and lives, every time the fire fiend visits our city, that people should think about the precautions that may be taken to prevent fires of a destructive nature, and also that all parents should talk to their children about the things that might transpire should they play with matches or carry gasoline too near an open flame.

Lessons dealing with the subject will be discussed in the public schools and safety first ideas will also be given. No surer way can be devised to do away with fires of careless origin than to educate people as to the needlessness of such things. Few of us are as careful as we should be when we discard a lighted match. Very few smokers take the trouble to extinguish their smoke when they throw it away. So education along this line is a very timely idea.

## A LIFE OF SERVICE

LAST night Redwood City Lodge F. and A. M. held a past masters' night in honor of their senior past master, P. P. Chamberlain. The affair marked the fifty-fifth anniversary of Mr. Chamberlain's membership in the local lodge, and the records show that every year was a year of service.

That is a record worthy of note. The genial County Treasurer has never been a man who was content to sit idly by and "Let George do it." He never shirked a responsibility. He was faithful to every trust.

Not only has Mr. Chamberlain been faithful as a lodge member but he has also been conspicuous for activity in public affairs. He was a good soldier during the Civil war. He has for forty-six years been the custodian of San Mateo county's treasury. For many years he conducted a mercantile establishment and he never let a family go hungry. P. P. Chamberlain wiped off of his accounts enough bills to make the ordinary man well to do and he never talked about what he had done.

We are glad that honor can be paid to a man who has meant so much to the community in which he has resided. We trust that honor and comforts will come to him until his time comes to go to the Supreme Grand Lodge above when he shall hear the "well done" of the Great Architect of the Universe.

## UNUSUAL GROWTH IN TELEPHONE SERVICE

The Pacific Telephone and Telegraph Company's system construction for the current, year, in the State of California, involves a capital outlay considerably in excess of the amount which has heretofore been spent in this state in any single year. The plans involve expenditures in excess of $40,000,000 which will be spent for additions to land, buildings, equipment and outside plant required to care for the constantly increasing demands for the system. During the year it is expected that there will be a net gain in the state of more than 110,000 stations, which will be 50% greater than gains during 1923, which, in turn was considerably greater than in any previous year.

In Redwood City particularly has the growth of the telephone system been rapid; and as the development of the telephone utility is generally accepted as a good criterian for community development, the growth indicated by the work being done at this time convincingly illustrates the rapid growth of the telephone system and consequently of the city.

It is particularly interesting at this time to note that Redwood City's growth in telephone stations during the year 1923 has been more than twenty-five a month against a normal growth for a city of this size of approximately ten, which goes far to show that the development of the peninsula, and Redwood City in particular, as a residential area, is progressing very rapidly, and reflects the efforts and accomplishment on the part of the telephone company in meeting the demand, despite the general equipment and material shortage that has been constant since the world war. When the rise of the wage level and the corresponding high demand for telephone service, coupled with the necessity of sending it overseas, resulted in a condition of demand which far exceeded the capacity of the manufacturers, which has been constant up to the present time.

During the past year, work on the local station of the telephone company was compeeted which involved the addition of 450 additional answering jacks to the local switch board and 500 additional multiple. This increased the local switchboard capacity by three additional sections of toll panel and one section of local panel eqluipment. These new additions to the local plant provided facilities for 1000 additional subscribers.

The switchboard work completed this year provided the addition of 36,540 feet of cable, making available 800 more local lines. The job of terminating these additional lines on their respective switch board connections involved the joining together of more than 500 miles of minute copper wires.

A heavy growth is expected not only in Redwood City but throughout the state as a whole. Building projects, either new buildings or additions to existing buildings are planned for San Francisco, Los Angeles, Oakland, Berkeley, Pasadena, San Jose, San Rafael, Santa Rosa, Fresno, Sacramento and other exchanges.

The plans for central office equipment require an expenditure of upwards of $8,400,000 and approximately the same amount is included in major projects including the underground conduit, underground cable, aerial cable, poles, wire, etc., required for connecting the subscriber's stations with the central offices. The aggregate of minor additions, no single one of which is of sufficient size to be regarded as a major project, will require an outlay of approximately $9,800,000. The provision of land, buildings, central office equipment and exchange lines must be supplemented by additional facilities in the toll lines, for communication between the different localities. The 1924 program includes provision for addition to the toll lines costing $2,500,000.

The heavy outlays to be met in the current year in the state are required to place the telephone company in a position to meet its obligations to furnish a comprehensive and adequate service, and the continuing development and fast growth of the state necessitates projects of greater magnitude than have ever before been undertaken.

## TWENTY-FIVE YEARS AGO

From the Times-Gazette of May 20, 1899

Stingaree fishing is the whole craze and from the numbers brought to town the anglers are meeting with good success. The fish is quite numerous at the terminous of the deep water road. They are not fit for food, but sought after for the pleasure of catching them. Monday N. B. Graves had an exciting experience. He hooked an unusually large one, and loosing his balance was about to be dragged into the water when he was caught by Max Sporel, the brewer and saved from an involuntary bath, if not a more serious mishap. He landed the stingaree, however, and it weighed 150 pounds. The following day James Crowe caught a "peach" weighing 185 pounds. But it was left for James Hannon and Dr. Ross to catch the largest of the season. They brought one to town Thursday that tipped the scales at 250 pounds.

The frame work of Wm. Lipp's new building is going up rapidly under the supervision of Robert Brown. It is to be a two story building, and when completed will be an ornament to Main street. When the bank building and other strictures are erected across the street on the Grand hotel block, Redwood will assume an air of progress unsurpassed by any town of its size in the state.

Dr. Barrett says that he will put up a two story building with his office in the upper story and a store on the ground floor, on his property recently purchased in the Grand hotel block.

Several bus loads of young folks from this city will attend the Chamerita at Halfmoon Bay tomorrow. The celebration this year will be on a larger scale than ever before.

## ANOTHER ROMANCE IN REAL LIFE HERE

Mrs. Mollie Hergerton of this city and J. Ralph Wofford of Fresno were married Tuesday by Judge Ray Griffin. The only witnesses were the relatives of the contracting parties.

The wedding was the culmination of a long drawn out courtship that started when they were both residents of Visalia some years ago. They have corresponded ever since and about the first of the month the groom made a special trip to Redwood City and pressed his suit so ardently that Mollie capitulated and they set the date for the nuptials.

Last Monday the groom, accompanied by Mr. and Mrs. C. Burke, motored up from Fresno, and the bridal party started home late the following day.

The bride has resided in this city for the past two years and has conducted a dressmaking establishment called the "Molly-O-Shoppe," on Broadway. She is well and favorably known and her Redwood City friends will join with us in the usual congratulations.

The groom is a well-known Fresno business man and they will make their home in that city.

### HIGH SCHOOL TO STAGE POPULAR OPERETTA

Next Wednesday evening, May 28, at eight o'clock at the new high school auditorium, the music section of Sequoia Union High School will present Mr. Carrington's original and very popular operetta, entitled, "Love Pirates of Hiwaii" While Mr. Carrington has written six clever operettas, "Love Pirates of Hawaii" seems to be the most popular of all and is widely used throughout the United States. This production promises to be up to the standard originally set by Mr. Carrington and the people of Redwood City need have no fear that they shall enjoy a very pleasant evening on May 28. The beautiful new auditorium will make a delightful setting for this clever operetta. Tickets are fifty cents each and may be exchanged at Ryan's store beginning May 26 for reserve seats in the auditorium making it unnecesary to come early to obtain what might be better seats. The proceeds of this production will be used for the benefit of the music fund, also, for the annual, and the school paper, "Sequoia Times." Set aside next Wednesday evening for a most enjoyable time.

### NOTICE OF PROPOSED FORMATION OF NORTH PALO ALTO LIGHTING DISTRICT OF SAN MATEO COUNTY.

Notice is hereby given by the undersigned County Clerk or the County of San Mateo, and ex-officio Clerk of the Board of Supervisors, thereof, that on the 19th day of May, 1924, a petition signed by more than twenty-five taxpayers and residents of the town or village of North Palo Alto, situate in the said County, was filed with the Clerk of the said Board of Supervisors and duly presented to said Board at its regular meeting held on Monday, the 19th day of May, 1924, praying for the formation of a public highway lighting district in said County.

That the exterior boundaries of the said proposed lighting district as described in said petition are the following, to wit:

*Low Electric Rates*
*Put California to the Front*

POWER companies are true conservationists. They harness the idle energy of falling waters to turn the wheels of electric generators. The water remains available for all uses.

Electricity, thus produced, is served to the public at rates fixed by the Railroad Commission sufficient only under prudent management to pay the cost of production, including a fair return on the reasonable cost of the property used, out of which interest is paid. California electric rates are the lowest in the country.

No waste, spoliation, depletion of natural resources, profiteering or exploitation there!

That service, rendered by power companies, has made California homes the best lighted and most comfortable in the country, has taken over much of the hard work on the farm, and has developed factories until the State is fifth in number and eighth in the value of manufactures.

The Pacific Gas and Electric Company is doing its full share in this useful public work.

Cleaning Without Odor by the F. Thomas Process
Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.
With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.
Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

## FREE SCHOLARSHIPS OFFERED TO HIGH SCHOOL STUDENTS

The following leter from the chamber of commerce in Santa Clara contains information that may be important to some student of the local high school:

Through the generosity of a friend who wishes to remain unknown, the chamber of commerce of Santa Clara is enabled to offer a scholarship at the University of Santa Clara, in the Town of Santa Clara, of the value of approximately $800 to become operative at the beginning of the school tern next August.

The holder of the scholarship, which is tenable for four years, will be entitled during that time to free tuition as a day-student in any department of the University and exemption from the regular matriculation, library, athletic and laboratory fees listed in the catalogue of the University. He will also be given the use of all prescribed textbooks gratis during that period.

The University of Santa Clara offers complete college courses in Philosophy, and Letters and General Science, in Civil, Mechanical and Electrical Engineering, in Commerce and Finance, and in Law. A Premedical course extending over two years is also offered.

The scholarship will be awarded partly on a basis of superior fitness, as evidenced by the high school record of the applicant, and partly on the result of a competitive examination.

Any young man graduating with the class of 1924 from an accredited high school, public or private, in Santa Clara or San Mateo county, or within commutable distance from the University, will be eligible to compete for the scholarship.

The competitive examination will be held at the University of Santa Clara, Saturday, May 31, 1924, at 9:30 a m. It will include exercises in written English and questions in American History and Civics and any two additional academic subjects of the applicant's own choice, from the schedule of his last year of high school.

At the time of the examination the applicant must present such character or scholarstic reference as will help to estimate his ability or attainments, and particularly a transcript of his high school record, if it can be obtained.

Application to take the examination should be made in person or mail to the secretary of the chamber of commerce, not later than May, 28, 1924.

For further information applicants are requested to address the secretary of the chamber of commerce, Santa Clara, or the registrar of the university.

### RAVENSWOOD P.-T. A. NOTES

The May meeting of the Ravenswood Parent-Teacher Association was held in the school auditorium on Friday afternoon, May 9th. Plans for a party to be given to the eighth grade graduates from the Ravenswood school were made. Mrs. S. J. Israel was appointed chairman.

A gift from the P.-T. A. is to be presented to Miss Ruth Harris' classroom at the school for the best record at roll-call for the year.

The program for the afternoon included an article from the Parent-Teacher Voice, written by Miss May Yost, dean of women at Stanford and read by Mrs C. W. Converse. Miss Gladys Clelland, accompanied by her mother, played coronet solos and the pupils of the primary class sang two lullabies.

Windows of the Switchboard

A SIGNAL shows on the switchboard, a telephone number is asked for, and a wire highway is created over which two persons may send their words and thoughts, one to the other.

Over forty million times a day these messages pass over the wires of the Bell System, to attract negotiations between buyer and seller, to keep homes and hearts united, to summon aid or protection in emergencies.

To find the worth of this service would mean to look into nearly every home and office, nearly every shop and factory, in America, to watch how the nation's habits of life are geared to the power of communication.

The telephone operator cannot follow her work to its results, but she can appreciate its importance. In her keeping is part of a great mechanism of nation-wide intercommunication, but those whom she serves and the benefits of her service remain unknown. Each summons for her cooperation is of equal urgency, for each helps to further the progress of the community and the nation.

# NEWS OF MENLO PARK

Mrs. Annie L. Weber left during the week for a short visit to her former home in Mexico, Missouri. Mrs. Weber resides on Santa Cruz avenue.

Herbert Fleishhacker, the financier, and his wife will leave on May 31 for a tour of Europe. They will be gone all summer. While abroad Mr. and Mrs. Fleishhacker will visit all the capitals of the continent.

Hartley Russell, who was chosen outside sentinel of the grand parlor of the native sons, is a son of the late Stephen Russell, who was assistant chief of the San Francisco fire department, and who lost his life in the line of duty in putting out a big conflagration some years ago. Young Russell is an income tax expert with offices in the Mills building. He was elected to the office at the recent meeting of the grand parlor at Sacramento.

Dr. A. E. Blake and wife are spending their vacation at Los Angeles and are expected home next week. The doctor has a lucrative dental practice and is located in the Phelan building.

James H. Kane, grand knight of the Knights of Columbus of Seatle, Washington, and one of the prominent attorneys of the north, accompanied by his wife is spending the week end with Mr. and Mrs. David Buckley. They came up from Los Angeles and are on their way home.

Mrs. Kurtz, proprietor of the Woman's Exchange, is selling a big assortment of home-made cakes, pies, aslads, bread and other delicacies today. Try them.

The Alumni of St. Joseph's parochial school will hold a card party in Duff and Doyle hall, Tuesday evening, May 27. Good prizes are to be given the winner of the game. It will be an enjoyable evening. Come and have a good time. Throw dull care to the winds that evening.

The election to annex adjacent territory to the City of Atherton was held in the J. L. Flood lodge last Saturday. There were 30 votes in favor of the proposition and five against it. Only 42 electors in the territory were entitled to vote, so it may be seen by the big vote what interest was taken in the election. Now it will be Charles Merrill of Atherton, James L. Flood, Atherton, Walter H. Linforth, Atherton, Timothy Hopkins, Menlo Park.

The Peppers,, property of the late C. W. Smith, is for sale. A sign was placed on the home this week. Mrs. Smith does not care to reside here and proposes to sell the place at once. It will be a probate sale. It is understood the sum of $75,000 is desired for it.

George Walsh, the life insurance broker, has purchased the Harry Mahoney property on MacBain avenue, consisting of an acre of land and some improvements in the fashionable district of Menlo Park. Mr. Walsh has a pretty home in the Dominga tract, but prefers to live in this exclusive district. He is to erect a handsome home at once.

J. H. Sullivan, chairman of the local chamber of commerce left yesterday on the Hetch Hetchy excursion under the auspices of the San Francisco chamber of commerce. One hunderd business men will go to investigate the water supply and learn all about the big project. All residents of the peninsula are intrested in Hetch Hetchy and would like to know when the water will be brought from the mountain source.

It is learned from a reliable source that work on the Dumbarton bridge will commence on July 15. The project is now in the hands of a number of wealthy business men backed by the chamber of commerce of San Francisco, who are going to push the enterprise to completion. This is good news to the people of this community, who have been looking with anxious eyes to see the first piles driven. Their hopes and desires are soon to be realized.

With rehearsals already in progress for the gymkhana and circus to be given June 21 at the Menlo Park Circus Club, interest in the event is increasing and new names are added daily to the already long list of boxholders. Among the most recent reservations are those of Mesdames Philip Wales, James Levensaler, Clinton La Montagne, Arthur Sharp, Mark McCann, George Fyfe, and S. N. Wood; Messrs. Charles Duhphy, Clarence Walter, Julian Hart, Joseph Sloss, Herbert Clayburgh and E. S. Heller.

The convalescent home for children in Stanford Park conducted by the Catholic Aid Society of San Francisco has now 30 inmates. This week work of beautifying the grounds was begun. A well-konwn firm of nurserymen is doing the planting and putting in lawns. Mrs. B. M. Breeden is the president of the society. She was formerly a resident of Menlo Park.

The tidy sum of $300 was netted from the rumage sale conducted last week by the ladies of Trinity Episcopal church. It will be applied to the church funds.

The members of Menlo Parlor, N. S. G. W. will attend in a body the dedication of the new high school building in Redwood City tomorrow afternoon. The ceremony will be conducted by the grand parlor, Native Sons from all parlors around the bay are to be present.

The corner lot in Stanford Park on the highway and just at the San Francisquito brige will soon be the scene of a large oil station to be put in by the Standard Oil Company. The one at the entrance to Palo Alto is to be moved there. Large sums of money are to be expended in making it the most atractive oil station in the state. It is to be an asset to this section.

The will of Henry M. Holbrook, who at the time of his death was president of Holbrook, Merrill and Stetson, hardware manufacturers, was filed for probate in the Superior Court of San Francisco yesterday.

It disposes of an estate estimated to be worth several hundred thousand dollars. The largest bequests are to his daughter, Harriet, aged 12, of San Diego, who is to receive $200,000 held in trust by the Wells Fargo Bank and Union Trust Company until she becomes 30 years old, and one third of the residue, also to be held in trust. From the time of her father's death until the trust funds are given to her she is to receive an income of $400 monthly.

The will bequeaths to two sisters, Mrs. Mary H. Knight and Mrs. Olive Palmer, each 591 2-3 shares of the capital stock of Holbrook, Merrill & Stetson. They are also each to receive one-third of the residue. Two brothers-in-law, Samuel Knight and Silas Palmer, are each given $10,000. Knight is named as executor.

Mrs. Mary Agnes Wilson, a life-long friend, is given $25,000, and smaller bequests of $5,000 and under are made to various friends. Five employees of his hardware firm are given $500 each, and John Lardner, manager of the Holprook building, is to receive $5,000.

Holboork's collection of buterflies is given to the California Academy of Sciences, and is to be placed in its museum at Golden Gate Park. He provides $2,000 for its installation there.

Mr. and Mrs. John Brooke and children, Miss Cecile Brooke, and John Brooke, are established for the summer in Menlo Park.

Miss Ruth Walsh of Menlo Park is a delegate fro mthe Menlo Park Circle, Companions of the Forest, to the annual C. of F. convention now being held in San Jose.

### OLD ODD FELLOW VISITS BAY VIEW

Bay View Lodge, I. O. O. F., had as its guest at their meeting last Wednesday, George W. Raymond, who was initiated into this lodge in 1876. Raymond is now a resident of Akron, Ohio, and has not been in Redwood City for nearly fifty years. Needless to say he sees a wonderful change in the town. Many of the old friends he asks about have long ago been gathered to the Great Beyond, and many of the places he remembers are now unrecognizable. Raymond is now visiting with his sister in Camvbell.

### LOCAL BUTCHER TAKES PARTNER

It is reported that Fred Danz, proprietor of the Portola Meat Market, has sold an interest in his business to Henry McGraw of South San Francisco.

Mr. McGraw was for a number of years employed by the Western Meat Company and was until lately a member of the South City police force. He is a brother-in-law of Sheriff T. C. McGovern.

The new firm will be known as the Redwood City Meat Company. They intend to open a slaughter house in Beresford and will engage in wholesale as well as retail trade. The new firm should do well as both of the proprietors are courteous gentlemen who understand their business.

The Redwood City branch of the Ice Supply Company on Washington street, is undergoing a complete change. A new ice storage house of large capacity has just been completed and on Monday the old ice house was loaded on a truck and hauled away. The company desires to give real service to its Redwood City patrons; hence the changes.

Your laundry
washed, dried and ironed in one day
THE woman who is so fortunate as to have an all-electric laundry is never "all tired out" when the ironing is over.
If she likes to "do up" the things herself, the Electric Washing Machine, Drier, Ironer, and other laundry appliances take all the rubbing and scrubbing—all the back-aching manual labor out of wash day. The Electric Drier makes it possible to dry the whole wash the same day it is laundered.
Call on your electrical dealer for estimates on the complete wiring and installation of these labor saving appliances in your laundry.

"Great is the power of compound interest."
Benjamin Franklin —one of the world's greatest exponents of thrift.
THE recent international hoax about the mythical "Benjamin Franklin fund" in which the famous disciple of thrift was supposed to have deposited $500 in a London financial institution 150 years ago, and which sum of money was today claimed to be yielding an income of $20,000 a year, brings out the tremendous possibilities of compound interest.
Recently this institution published an announcement showing that any sum of money placed on deposit at 4%—with interest compounded semi-annually and left undisturbed—will actually amount to more at the end of 20 years, than the same sum at 6% straight interest.
Open a savings account here today—and learn the power of compound interest.
